

***Ways to pay your IOS Subscription for 2009/2010
(due 1 January 2009)***

As proposed by the IOS Board and ratified by the recent Congress, the IOS subscription will now be payable once every two years, rather than annually. The subscription for 2009/2010 becomes due on 1 January 2009. The amount for the two-year period is **CHF 60.--** (60 Swiss Francs) or the approximate equivalent in Euros, British Pounds or US dollars. This represents a 50% reduction of the previous rate, but we hope that members who can afford to do so will consider adding a voluntary donation to the IOS Research Fund, which needs substantial enlargement if grants are to be made without using the capital.

Please note that, as with any other Organization or Society whose running costs are financed by members' subscriptions, your membership may be terminated if you fail to pay your subscription.

*To simplify the work of the regional treasurers,
please pay your subscription for 2009/10 not later than 31 January 2009*

When paying by bank transfer, don't forget to give your name and address for identification!

***Please note that Credit Card payments and payments via PayPal cannot be accepted
and that receipts will not be sent unless requested with your payment***
